

Legend:

- Blue square: Soft tissue sarcoma
- Blue circle: Breast cancer
- Blue diamond: Other malignant neoplasm
- Blue circle with slash: Cancer by history (no confirmation)
- Black square: Deceased
- Black circle: Patient
- Double line: 2 persons

1:00pm	Welcome Stephen J. Chanock, M.D., <i>Director, DCEG, National Cancer Institute</i>
Session I.	Search for Cancer Susceptibility Genes
1:10pm	<i>Moderator: David Schottenfeld, M.D., University of Michigan</i>
1:15pm	Li-Fraumeni Syndrome: Discovery and Future Challenges Louise C. Strong, M.D., <i>University of Texas MD Anderson Cancer Center</i>
1:35pm	Li-Fraumeni Syndrome: TP53 and Beyond David Malkin, M.D., <i>The Hospital for Sick Children</i>
2:05pm	Family Studies, Cancer Etiology, and Telomere Biology Sharon A. Savage, M.D., <i>National Cancer Institute</i>
2:25pm	A Tale of Two Genomes: Current Generation Approaches to Cancer Susceptibility Kenneth Offit, M.D., M.P.H., <i>Memorial Sloan Kettering Cancer Center</i>
2:45pm	Questions & Discussion
Session II.	High-Risk Populations and Insights into Carcinogenic Mechanisms
3:00pm	<i>Moderator: Margaret R. Spitz, M.D., M.P.H., Baylor College of Medicine</i>
3:05pm	Transplant-Associated Immunosuppression and Cancer Eric A. Engels, M.D., M.P.H., <i>National Cancer Institute</i>
3:30pm	Hormonal Carcinogenesis Across the Life Course Robert N. Hoover, M.D., Sc.D., <i>National Cancer Institute</i>
3:55pm	Break
Session III.	Global Health: Opportunities for Epidemiologic Research
4:10pm	<i>Moderator: Brian E. Henderson, M.D., University of Southern California</i>
4:15pm	Using Geographic Patterns to Discover Environmental Carcinogens William J. Blot, Ph.D., <i>International Epidemiology Institute & Vanderbilt University</i>
4:40pm	Lung Cancer and Indoor Air Pollution in China Nathaniel Rothman, M.D., M.P.H., M.H.S., <i>National Cancer Institute</i>
5:05pm	Polycyclic Hydrocarbons: A Unifying Hypothesis for Global Patterns of Esophageal Cancer? Christian C. Abnet, Ph.D., M.P.H., <i>National Cancer Institute</i>
5:30pm	Closing Session Michael Thun, M.D., M.S., <i>American Cancer Society</i> Michael M. Gottesman, M.D., <i>National Institutes of Health</i> Harold E. Varmus, M.D., <i>National Cancer Institute</i>
